

Notice Regarding the Reorganization of the Tohoku University Graduate School of Medicine [Approval of the Establishment Plan]

We hereby announce that the previously disclosed plan concerning the organizational reorganization of the Graduate School of Medicine, scheduled to take effect from April 2027, has received official approval as detailed below, following deliberation by the Council for University Chartering and School Juridical Person of the Ministry of Education, Culture, Sports, Science and Technology (MEXT).

Accordingly, the entrance examinations scheduled to be administered in January 2027 shall be conducted on the basis of the new majors and fields of study designated under the reorganized structure. Successful applicants shall subsequently be admitted and enrolled into the aforementioned new majors and fields of study.

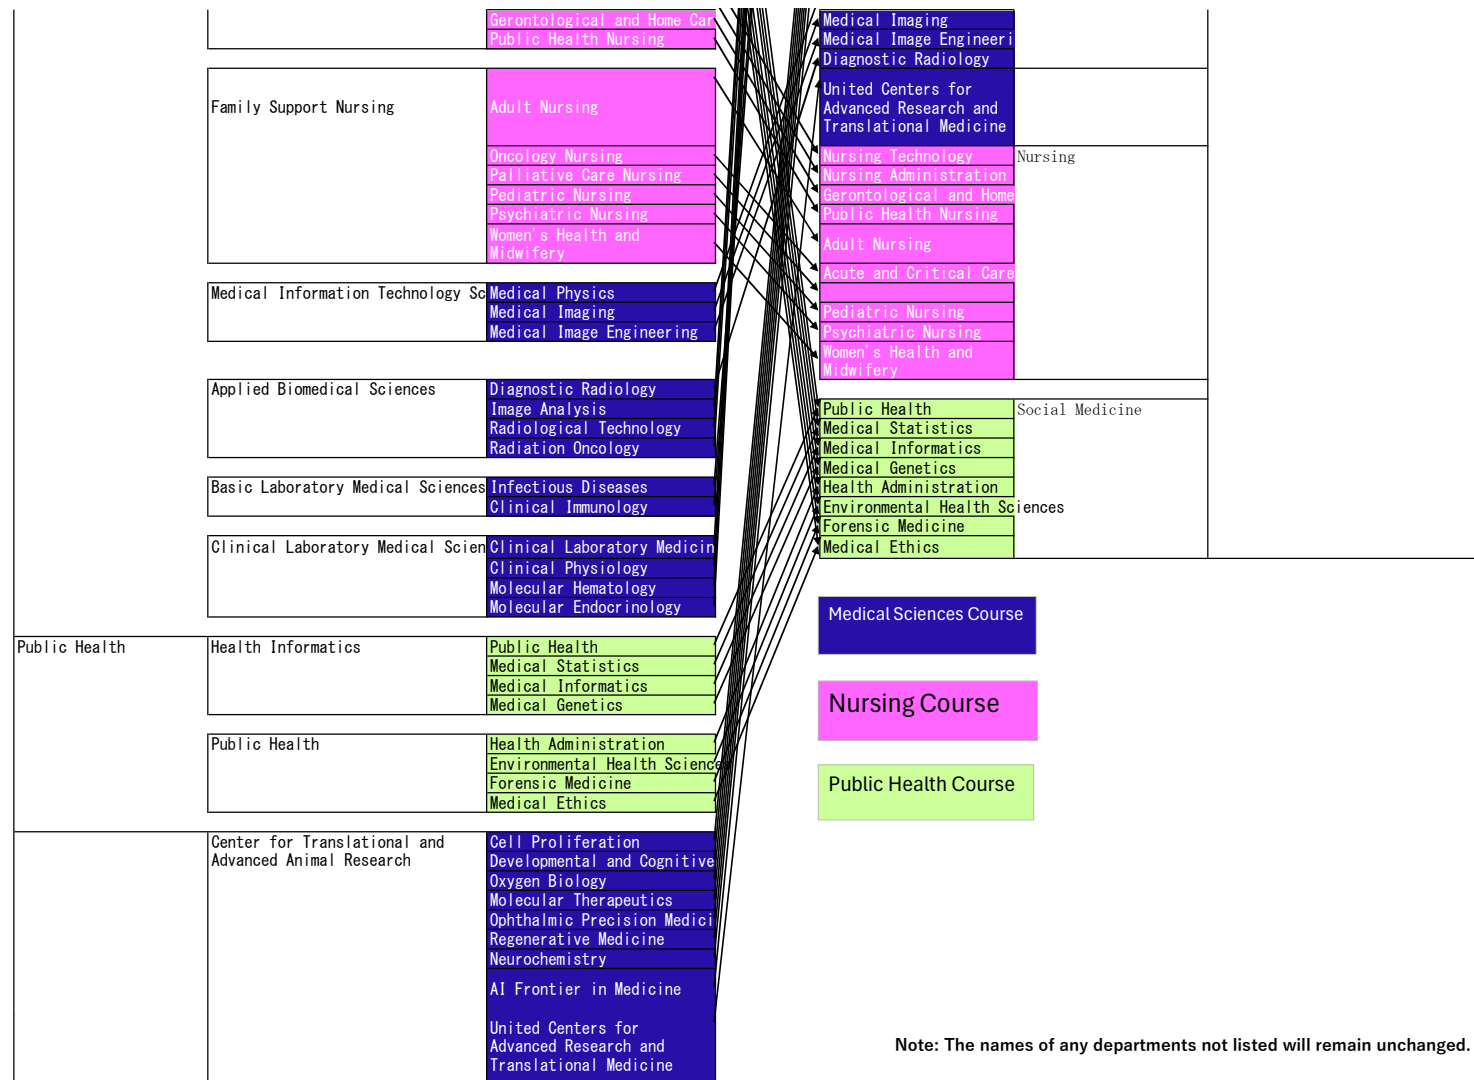

[Changes in Admission Capacity]

Current	From AY2027
Medical Sciences – Master's: 30 – PhD: 130	Comprehensive Medicine
Health Sciences – Master's (2-year): 32 – Doctoral (3-year): 12	Two-year Master's Program: 110 (Medical Sciences, Nursing, and Public Health Courses)
Disability Sciences – Master's (2-year): 20 – Doctoral (3-year): 9	Three-year Doctoral Program: 42 (Medical Sciences and Nursing Courses)
Public Health – Master's: 10	PhD Course in Medicine: 115
Total: Master's: 40 / 2-year: 52 / 3-year: 21 / PhD: 130	Total: 2-year: 110 / 3-year: 42 / PhD: 115
