

- For international applicants who are not residing in Japan and wish to apply as research students (privately-financed students).

Step 1. Find a prospective supervisor

Please check the department's contact information as "[Search for Laboratory](#)".

Step 2. Contact the department to obtain their consent for acceptance

Documents to attach to the inquiry email: ① Resume ② Reason for applying ③ Research plan (Up to 6 months before the enrollment.)

Step 3. After getting consent, ask your prospective supervisor to issue and send you the "Letter of Acceptance (prescribed form)"

(Up to 5 months before the enrollment.)

Step 4. Prepare and submit application forms: [Application form](#)

Deadline: the first day of 4 months before the enrollment

Step 5. Apply to student visa • dormitory

International Exchange Office, Graduate School of Medicine will contact you after your application has been reviewed and once the relevant application period has started.

【Reference】 [TU Support](#)

Step 6. Arrival at University

Submit the original copy of the certificate that was submitted via the online form.

※If you submitted the Certificate of Prospective Graduation (Completion) via the online form, you must submit the original Graduation (Completion) Certificate and Degree Certificate.

In some cases, your admission may not be available even if the procedures are completed by the deadline.

- For other applicants

The application process will be almost the same. MEXT Scholarship students and international students with a status of visa in Japan must submit the application via the online form by the first day of 2 months prior to the month in which you intend to enter our school.
