

The 3rde International Symposium
~Novel perspectives in cancer research and translation to the clinic~

Nov. 9th, Thursday

9:00-9:10 Opening Remarks

Session I. Control of Cell Cycle and Chromosomal Stability

9:10-9:50 **Philipp Kaldis (National Cancer Institute, USA)**

9:50-10:30 Keiko Nakayama (Tohoku University, Japan)

Coffee break

10:45-11:25 **Razqallah Hakem (University of Toronto, Canada)**

11:25-12:05 Toru Hirota (The Cancer Institute of JFCR, Japan)

12:05-12:45 Yoichi Matsubara (Tohoku University, Japan)

Session II. Posters presented by investigators from Tohoku Univ.

13:30-15:00

Session III. Angiogenesis/Lymphangiogenesis

15:00-15:40 **Michael Detmar (Swiss Federal Institute of Technology, Switzerland)**

15:40-16:20 Yasufumi Sato (Tohoku University, Japan)

Coffee break

16:35-17:15 Kyoko Hida (Hokkaido University, Japan)

17:15-17:55 Kohei Miyazono (University of Tokyo, Japan)

Reception

Nov. 10th, Friday

Session IV. Translational Research

9:00-9:40 **Barry Iacopetta (University of Western Australia, Australia)**

9:40-10:20 Chikashi Ishioka (Tohoku University, Japan)

10:20-11:00 Masahiko Nishiyama (Hiroshima University, Japan)

Coffee break

11:15-11:55 **Dr. Antonio Tito Fojo (National Cancer Institute, USA)**

11:55-12:35 Toshihiro Nukiwa (Tohoku University, Japan)

12:35-12:45 Closing remarks
