

NEURO GLOBAL Lecture

Speaker

Valter Tucci

Senior Researcher (Tenured)
Principal Investigator at the Laboratory Genetics
and Epigenetics of Behaviour
Italian Institute of Technology, Italy

Date & Title

January 14 (Tue), 2024

① 13:00-14:30

From Circadian Rhythms to Behavioral Insights: How Behavioral Genetics Developed and Evolved

② 14:40-16:10

The Evolution of Sleep: Genetic and Epigenetic Mechanisms from Mice to Humans

Venue

Conference Room 1 & 2, School of Medicine Building 6 ,1F/ Seiryō Campus

【MAP】 https://www.tohoku.ac.jp/map/ja/?f=SR_B08

Format Hybrid (On-site & Online)

Registration Please contact NGP Office (neuroglobal@grp.tohoku.ac.jp)

● Neuro Globalプログラム生(Neuro Global Program Students)

【選択必修科目「基礎神経科学—分子神経生物学」, 選択科目「先進基礎神経科学—分子神経生物学」】

【Compulsory elective, "Fundamental Neurosciences – Molecular Neurobiology"

Elective "Advanced Neurosciences – Molecular Neurobiology"】

● 医学系研究科(Graduate School of Medicine)

【医学履修課程】国際交流セミナー(アドバンスド講義科目)出席2回分

【Medical Science Doctoral Course】International Interchange Seminar (Advanced Lecture course)2 attendances

● 生命科学研究科(Graduate School of Life Sciences)

【単位認定セミナー】【イノベーションセミナー(留学生対象)】3ポイント

【Credit-granted seminar】【Innovation seminar (For international students)】3 points
